

COBB THEATERS

palm beach gardens, florida

Cobb Theaters has set the standard for the movie industry since it was founded in 1947, and continues to set standards today with their latest theater in Palm Beach Gardens' Downtown at the Garden Shopping Center. Designed with the highest of standards, Cobb Cinema captures the glamour and excitement of Hollywood, complete with a custom designed award statue to greet patrons entering the theater. To capture the essence of Hollywood, Stromberg Architectural first designed and manufactured each piece using GFRG. Each piece was then custom painted them to create the illusion of a metal sculpture. This can be done for any of our products, and in virtually any finish.
